

KORALIA EVO AND NEW KORALIA NANO

...BETTER THAN EVER BEFORE!!

900 L/H
1600 L/H
2800 L/H
4000 L/H
5200 L/H

All models are controllable: can be connected to a timer

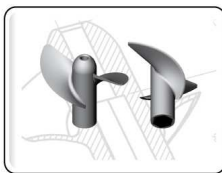

New impeller generation: without any shaft (k2500-4000-5200) it means easier and faster maintenance.

Models 2800-4000-5200 are equipped with a new magnet-suction cup which can even absorb vibrations!

Sphere joint: for a comfortable flow direction!

Impeller with a new and unique design: wider and more gentle flow!

*Smaller **: easier to hide and to position in the tank. e (**Comparison between Koralia 4 and New Koralia 5200 l/h)*

Model	Power Absorbed	Flow rate	Fresh Water from.. To..	Marine Water from.. To..
Koralia Nano 900	4,5W	900 l/h	60 - 100 l	36 - 60 l
Koralia Nano 1600	4,5W	1600 l/h	100 - 180 l	64 - 100 l
Koralia EVO 2800	4W	2800 l/h	180 - 330 l	112 - 180 l
Koralia EVO 4000	4,5W	4000 l/h	250 - 450 l	160 - 250 l
Koralia EVO 5200	5,5W	5200 l/h	350 - 600 l	208 - 350 l
