

3. Hazards Identification

Most important hazards are : None known.

4. First Aid Measures

Inhalation : Remove from exposure, rest and keep warm. If breathing is difficult, seek medical advice.

Skin Contact : After contact with skin, remove any contaminated clothing and wash immediately with plenty of soap and water. If any irritation occurs after this, seek medical advice.

Eye Contact : In case of contact with eyes, rinse immediately with plenty of flowing water for at least 10 minutes. Seek medical advice if any irritation persists.

Ingestion : Wash out mouth with water. Give plenty of water to drink. Do not induce vomiting and obtain medical advice.

5. Fire Fighting Measures

Suitable extinguishing media : All
Use extinguishing media suitable to surroundings.

Unsuitable extinguishing media : None known

Special exposure hazards in fire : May liberate irritant or toxic fumes on thermal decomposition.

Required special protective equipment for fire fighters : Self-contained breathing apparatus.

6. Accidental Release Measures

NB - Appropriate to quantity released.

Personal precautions : Impervious gloves, suitable glasses/goggles.

Environmental precautions : Try to contain any spillage, using inert absorbent material such as soil or sand. Prevent entry into drains or water courses.

Methods of cleaning : Scrape/sweep up material into suitable container for disposal. Wash down area with water and detergent.

7. Handling and Storage

Handling : No special instructions.

Storage : Cool, dry environment away from direct sun light.
Avoid large temperature changes

8. Exposure Controls

NB.- Appropriate to quantity handled.

Take measures to prevent : Spillage. Eye/skin contact

Exposure control limits, and source : N/A

Respiratory protection : Not necessary if used in accordance with manufacturers instructions.

Hand protection : Yes.

Skin protection : Not necessary if used in accordance with manufacturers instructions.

Eye protection : Not necessary if used in accordance with manufacturers instructions.

9. Physical and Chemical Properties

Appearance :	Dark purple, aqueous solution	Flash point (°C) :	Not determined
Odour :	None	Flammability :	Not determined
pH :	~ 8 - 9	Oxidising Properties :	Not determined
Density :	Not determined	Solubility (water and fat) :	Soluble in water
Boiling Point :	Not determined	Other :	

10. Stability and Reactivity

Conditions to avoid : Large changes in temperature and damp environments.

Materials to avoid : None known

Hazardous decomposition products : None known.

11. Toxicological Information

Description of toxicological properties, including any special health effects of constituents :

No information available.

12. Ecological Information

Possible effects : No information available.

Behaviour : No information available.

Environmental fate : No information available.

13. Disposal Considerations

Likely residues / waste product (if any) : No information available.

Safe handling of any residues/waste product : Landfilled or burned in accordance with local regulations

14. Transportation Information

Special carriage precautions : Keep upright.

Classification Data : Product not classified.

15. Regulatory Information

Supply label information : Product not classified under current CHIP 3 (Chemical Hazard Information and Packaging) Regulations.

S2 Keep out of reach of children

S46 If swallowed seek medical advice immediately and show this container or label

16. Other Information

Training Advice : Read accompanying information and use only according to manufacturers instructions.

Recommended uses/restrictions : General fertilizer for pond plants.
