

Safety Data Sheet (SDS)

Revision

Date SDS revised : 04th April 2000

Supersedes SDS dated : 24th February 1997

Issue No.: 2/2644

1. Identification of the Substance / Preparation and Company of Origin

Substance or preparation trade name : Interpet Bioactive Sludge Control

Reference No. / Product Code : 2644 - 250 ml
2645 - 500 ml

Company / Source :

Interpet	Tel : 01306 881033
Vincent Lane	
Dorking	Fax : 01306 885009
Surrey	
RH4 3YX	

Emergency telephone No. : As above

2. Composition / Information on ingredients

Substance : No	Name : N/A	EC Index No. : N/A	EEC No. : N/A
	CAS No. : N/A		

Preparation : Yes

Risk and Safety Phrases :

S2 : Keep locked up and out of reach of children.
S46 : If swallowed, seek medical advice immediately and show this container or label.

3. Hazards Identification

Most important hazards are : May irritate eyes and skin in allergic individuals.
Excessive ingestion may cause nausea and diarrhoea.

4. *First Aid Measures*

Inhalation : N/A

Skin Contact : Wash affected area thoroughly with soap and water. If irritation persists seek medical advice.

Eye Contact : Irrigate eye(s) with clean water thoroughly for at least 10 minutes and seek medical advice.

Ingestion : Wash out mouth with water. Give plenty of water to drink.
Do not induce vomiting. Obtain medical advice.

5. *Fire Fighting Measures*

Suitable extinguishing media : All. Use extinguishing media suitable to surroundings.

Unsuitable extinguishing media : None known.

Special exposure hazards in fire : None.

Required special protective equipment for fire fighters : General equipment.

6. *Accidental Release Measures*

NB. Appropriate to quantity released.

Personal precautions : Impervious gloves, overalls, suitable glasses/goggles

Environmental precautions : Dilute with plenty of water and run to drain.

Methods of cleaning : Wash down area with copious quantities of water.

7. Handling and Storage

Handling : No special instructions.

Storage : Cool, dry environment away from direct sun light.
Avoid large temperature changes.

8. Exposure Controls

NB. Appropriate to quantity handled.

Take measures to prevent : Spillage. Eye/skin contact

Exposure control limits, and source : N/A

Respiratory protection : Not necessary.

Hand protection : Yes - A general, impervious glove.

Skin protection : Not necessary.

Eye protection : Yes, when handling large quantities - Suitable goggles/safety glasses.

9. Physical and Chemical Properties

Appearance :	Light orange translucent liquid	Flash point (°C) :	N/A
Odour :	Slightly bran like	Flammability :	N/A
pH (1% sol'n):	4.5 – 4.8	Oxidising Properties :	N/A
Density :	Not determined	Solubility (water and fat) :	Dispersible in water.
Boiling Point :	Not determined	Other :	

10. Stability and Reactivity

Conditions to avoid :	None known.
Materials to avoid :	None known.
Hazardous decomposition products :	None known.

11. Toxicological Information

Description of toxicological properties, including any special health effects of constituents :

Toxicity: No acute toxicity.
 Pathogenicity: Component bacteria are non-pathogenic.

12. Ecological Information

This product is believed not to be dangerous to the environment with respect to mobility, persistency and degradability, bioaccumulative potential, aquatic toxicity and other data relating to ecotoxicity.

13. Disposal Considerations

Likely residues / waste product (if any) :	No hazardous residues.
Safe handling of any residues/waste product :	No special disposal method required except that it be in accordance with local regulations.

14. Transportation Information

Special carriage precautions : Keep upright.

Classification Data : Product not classified as hazardous under CHIP 2 (Chemicals Hazard Information and Packaging)

15. Regulatory Information

Supply label information : Product not classified under current CHIP 2 (Chemical Hazard Information and Packaging) Regulations.

16. Other Information

Training Advice : Read accompanying information and use only according to manufacturers instructions.

Recommended uses/restrictions : A bacterial product to reduce sludge build-up in ponds.
